

Table 1: Supplemental Table S1. Composition of the frozen release training panel (release multispecies-v2-candidate-release-v1, SHA256 30e432fb...) by species. The panel is the union of the ten literature-random-track seed panels (development split only). Panel counts reflect coordinate-verified rows; published-site counts are given for reference.

Species	Panel rows	Positives	Rate (%)	Published sites	Source datasets
<i>Arabidopsis (A. thaliana)</i>	111,496	327	0.29	390	PXD006140, PXD024061
<i>Rice (O. sativa)</i>	185,379	739	0.40	929	PXD072089
<i>Tomato (S. lycopersicum)</i>	72,051	79	0.11	99	kiae271
<i>Magnaporthe oryzae</i>	20,683	1,189	5.75	1,482	PXD063170
Total	389,609	2,334	0.60	—	—
